Portfolio

PROFILE

I'm a passionate and curious web developer who loves turning ideas into real, usable websites. I enjoy working with teams, learning from every project, and adding creativity to both design and development. I've been lucky to work on some real-world projects, and I'm always excited to grow my skills and help create digital experiences that actually make a difference.

PROJECTS

Dora Photography – Full Stack Website

Designed and developed a complete website with frontend UI and backend connectivity for a photography brand.

Kayarepe Technology – Company Website

Developed a responsive and modern business website for Kayarepe Technology.

Live site: <https://kayarepe.netlify.app/>

Personal Portfolio – React + Vite.js

Created a sleek personal portfolio using React and Vite.js to showcase projects, skills, and design expertise.
